

Surgimed ES2 Cart

Innovative base design for unsurpassed configuration versatility.

We are proud to present our newest cart series – ES2, which provides 2 column position mounting options from one base. Whether you need a center mounted column, or a cantilevered design, ES2 does both.

Its exceptionally strong yet lightweight composite base, coupled with our sturdy aluminum extruded column result in a solid foundation for whatever your cart requirements might be.

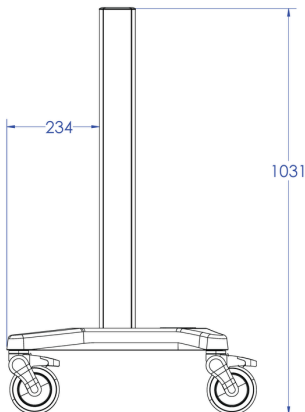

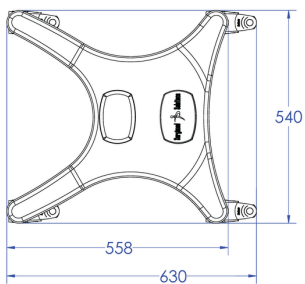

Surgimed ES2 Cart

Innovative base design for unsurpassed configuration versatility.
